Sab School Chale Abhiyan, 2013

An RTE awareness campaign run by South Delhi Municipal Corp. in collaboration with Centre for Civil Society

Partners
Background

The RTE Act, 2009, as per Sec 12 mandates private schools to reserve 25 per cent seats at the entry level (Nursery, KG or Class 1) for economically weaker sections and disadvantaged groups. There are 2096 Recognised Unaided Schools in Delhi offering almost 1 lakh seats for class I, 25 per cent of which comes out to be 25,000 seats, a large number.

As per various media reports and preliminary glance through various notifications of Directorate of Education, many seats reserved under the quota lied vacant in the private schools despite the fact that there is tremendous rush for accessing private education. This can be largely attributed to the low awareness levels among beneficiaries about the free quota under RTE.

The calendar of admission notified by the Directorate of Education for 2013 was from 1st January to 15th January. Unfortunately, the notification came out only on 12th December, 2012 leaving a room for only about a month’s time for awareness about the same.

Therefore, it was expedient in the public interest to take up a vigorous awareness drive. Consequently, CCS approached SDMC Education Committee Chairman Satish Upadhyay with a blueprint of a comprehensive awareness drive throughout South Delhi from Jan 1st to Jan 15th.

Sharing the concern, SDMC agreed for a joint awareness drive with Centre for Civil Society (CCS). CCS collaborated with PRASAR (People’s Rights and Social Research Centre) for the awareness drive.

Outcomes

1. Heightened awareness among the beneficiary population.
2. Improved dialogue between Councillors and Public regarding RTE Act and its provisions.
3. Sensitization of the various schools about 25% quota for EWS/Disadvantaged.
4. Sensitization of Govt. Officials from Education Dept.

About Centre of Civil Society

The Centre for Civil Society (CCS) is a non-profit, research, education and advocacy think tank. Our mission is to promote social change through public policy by being a resource for innovative community and market based ideas for critical policy issues particularly in the areas of education, livelihood, governance and environment. (www.ccs.in)

Since India’s record in school education has been dismal, we developed the School Choice Campaign to reform the school education system through efficient use of public funds. Our campaign is geared towards converting state funding to per student basis, giving more autonomy to state schools, awarding learning achievement contracts to failing schools, and introducing vouchers in the education sector by launching school voucher programmes. (www.schoolchoice.in)

In RTE, we run the nation’s most popular education portal: www.righttoeducation.in. This portal is a one stop resource for all interested in the Right to Education Act in India. Here you can find news, events, blog discussions, legislation and analysis. Follow the process to get portal updates by subscribing our RSS feeds.

This report has been authored by Abhishek Bhattacharya, Associate (Advocacy) at Centre for Civil Society. He can be reached at abhishek@ccs.in / 011-2653746 Ext – 33.

Drive Concludes with thunderous participation

Helpline Queries

- In total, we received about a 1000 calls. There were 2-3 people manning the helpline.
- The breakup of the kind of queries is presented in a pie-chart below.
- Age Related queries pertained to eligibility of child are highlighted in Finding #1.
- Documentary Proofs constituted the largest chunk of queries received arising out of 3 kinds of proofs required - Residence, Birth, SC/ST or Income; highlighted in Finding #2.
- Availability of Common Application Form was a huge issue. Some parents even paid for getting access to the form sold by touts nearby schools; highlighted in Finding #4.
- Complaints formed a fifth of the pie; details highlighted in Finding #6.

Queries on Helpline

- Age Related
- Documentary Proofs
- Admission Procedure
- Common Application Form
- Availability
- Complaints
- Miscellaneous
Findings & Recommendations

1. A large number of queries were related to clarification of age to be eligible for the quota in a specific school. This is a major issue as the entry level class differs from school to school and many schools undertake admissions in all three classes—nursery, kg and 1st. As per DoE’s notification, admissions are to be made in all classes wherever the school undertakes admissions for the general category. **We recommend that DoE should issue directions to all schools to specify the entry level classes and the appropriate age for admission into these classes on their notice boards.**

2. Documentary Proofs constituted the largest chunk of queries received arising out of 3 kinds of proofs required—Residence, Birth, SC/ST or Income. SC/ST parents were confused whether the caste certificate should be the one issued by Delhi Govt. or by other state govts. EWS category beneficiaries were not sure whether the Income Certificate older than one year was acceptable. Residence proof was a problem for a few however the main problem was with the neighbourhood criteria (see Finding #3). **We recommend that DoE should issue a clarification regarding SC/ST certificate and Income Proofs to avoid confusion.**

3. The neighbourhood criteria clause of 1 km was cited by many schools to refuse admission. DoE notification dated 13th Feb, 2012 specifies that priority in admissions are to be given first to parents residing within 1 km, then within 3 km and then 6 km and finally beyond 6 km. Still, schools are refusing acceptance of forms where neighbourhood is not within 1 km whereas the notification says only priority is to be accorded not refusal.

4. **Ward Level Lottery: To remove several kinks in the process, Ward-level or Centralised lottery is highly recommended. Under this, the parents would specify a list of 3-5 schools priority-wise in the application form and submit it at the kiosk/ward-level office. Thereafter, a lottery would be held and children would be allocated seats. This will provide more choice to the parents and reduce logistical and monitoring costs and solve problems highlighted in Finding #5 and Finding #1.**

5. Availability of common application forms was a major issue and constituted approximately 15% of our queries. We tied up with Councillors and asked them to stock the CAF in their offices. The CAF was to be made available at the school counters, online and DoE offices. **We recommend that the forms be made available locally in post offices, ration shops etc to ensure better availability in future.**

6. The entire awareness campaign resulted in addressing about 1000 calls. This calls for a better grievance redressal mechanisms at the DoE, DCPCR and NCPCR level. Recently, cases of screening procedure and capitation fees have also come into notice from our helpline associate. DoE had opened helpdesks in their offices far from areas where the beneficiary population lives. **We recommend opening up of a dedicated call centre during the period of admissions to handle queries of aggrieved parents. DoE should use the manpower.**

7. **Timely Reimbursement: In the school sensitisation drive, we realised that school owners and principals had major apprehension about reimbursement of fees. As per their response, most of them hadn’t received reimbursement for children admitted last year. We recommend that DoE issue clarification on the same and include details of reimbursement in their online portal.**

Aggregate Activities Performed

1. Official correspondence to all Councillors about awareness campaign
2. Pamphlet Distribution
3. Public Announcements over Sound System
4. One to one Interaction with Beneficiaries
5. Personal engagement with Councillors to do joint campaigns in their wards
6. Attending and solving Telephonic Queries on Helpline number
7. Sensitising schools about RTE and rights of EWS and Disadvantaged group parents.

Media

- Media Coverage received in following print and electronic media. (Refer Annexure 4)
  - The Hindu
  - Sahara Samay
  - Millennium Post
  - Rashtriya Sahara
  - Punjab Kesri
  - Jansatta
  - Dainik Mahamedha
  - Amar Ujala

- Media coverage played a huge role in sensitising the general public. Many callers called on the helpline after reading about the Awareness Campaign in the various newspapers.

- Following the media coverage of “Sab School Chale Abhiyan”, Directorate of Education brought out a press release that parents can submit the forms to Dy. Director (Edu) in their respective zones if schools are unwilling to cooperate.
**Implementation Steps**

**Identification of low-income habitations**
- JJ Clusters/Illegal Colonies
- Areas identified by Councillors in their wards

**Logistical Arrangements**
- Auto-rickshaw - 5 per day
- Distribution Material: 60,000 pamphlets, 1 banner per auto-rickshaw, 1 loudspeaker per auto-rickshaw

**Recruitment of Staff**
- Coordinator Staff - 2 per day
- Campaign Staff - 3 per auto-rickshaw

**Training of Campaign Staff**

**Implementation**

---

**Financial Outgo**

- Major expenses involved
  - Hiring Auto-rickshaws: Rs. 15,000
  - Hiring Loudspeaker Systems: Rs. 27,000
  - Hiring Staff: Rs. 9,600
    - Coordinators
    - Campaign Staff
  - Training Staff: Rs. 0 (Trained by CCS)
  - Printing Pamphlets and Banners: Rs. 19,500
- Total Financial Outgo: **Rs. 71,100**

Considering the vastness of area covered, financial implication of the project is quite small. A sustained campaign spread over a month would have covered almost the entire area under South Delhi.

If coordination between agencies could be ensured, the garbage vans of MCD could be used by Education Dept. for awareness campaigns as they are functionally suitable for the activity- have loudspeakers fitted already, familiarity among people, have space to seat 2-3 campaign staff. This would lead to a substantial reduction in cost of campaign.

New helpline launched for RTE Act

The Hindu – Jan 8, 2013

CITIES: DELHI
NEW DELHI, January 8, 2013

New helpline launched for RTE Act

The RTE mandates private schools to reserve 25 per cent seats at the entry level (Nursery, KG or Class 1) for economically weaker sections and disadvantaged groups.

The South Delhi Municipal Corporation’s Education Committee has taken up responsibility to create public awareness around the provision in the Right to Education (RTE) Act calling for 25 per cent reservation in private schools for children from disadvantaged groups and economically weaker sections of society. The five-day awareness campaign which has been started in collaboration with the Centre for Civil Society (CCS) coincides with the notified calendar of admission (January 1-15) during which applicants have to procure and submit Common Admission Forms from private schools.

The RTE mandates private schools to reserve 25 per cent seats at the entry level (Nursery, KG or Class 1) for economically weaker sections and disadvantaged groups. Under the EWS quota children whose parents having an annual income less than Rs.1 lakh are eligible to apply.

The drive which will be carried out through special road shows and distribution of information pamphlets is to make poor people aware of their rights and about the 25 per cent reservation scheme. “There is a lack of awareness about this reservation under the RTE among poor people and so with the help of Centre for Civil Society we have planned to run an awareness campaign,” said SDMC Education Committee Chairman Satish Upadhyay. “I call upon the support of all the SDMC councillors to take it forward in their respective areas,” he added.

“We are glad to provide support to this initiative by providing a helpline number 9899485667. This can be used to gain information by parents,” said Abhishek Bhattacharya of CCS.
CORPORATION TO PROMOTE RIGHT TO
EDUCATION AMONG THE POOR

NEW DELHI: The education department of South Delhi Municipal Corporation (SDMC) has joined hands with an NGO, Center for Civil Society, to run a week-long comprehensive awareness scheme to inform the disadvantaged section of the society about the 25 per cent reservation of seats under Right to Education (RTE) in government and private schools. The drive will be carried out through special road shows and distribution of information pamphlets," said Satish Upadhyay, chairman of education committee of SDMC. The NGO has launched a helpline number 9890485667 to provide required information to the parents. Right to Education Act mandates private schools to reserve 25 per cent seats at Nursery, KG or Class-I for economically weaker sections and disadvantaged group of society for which admission process was started on last Tuesday.
